Allowable Subject Matter

1. Claims 6-8 are pending and are allowed.
2. The following is an examiner's statement of reasons for allowance:

The closest prior art of Honma (US 6,950,871) teaches reduction in management cost by sharing storage resources.

In regarding to independent claims 6-7, Honma taken either individually or in combination with other prior art of record fails to teach or suggest a managing unit managing sharing of costs related to each network apparatus based on a combination type, wherein the combination type is a type of a combination of business entities providing service to network apparatuses and corresponding shared costs of each of the business entities related to the providing of the network apparatuses, said managing unit compares the received combination type with the network apparatus combination type stored in the management information, and in the case of a match, sends to the network apparatus information corresponding to the combination type, and in a case that there is not a match, sends to the network apparatus information corresponding to the combination type stored in said management information, and furthermore, by sending to the network apparatus the combination type of the network apparatus subsequent to said change, updates the combination type stored in the network apparatus to the combination type of the network apparatus subsequent to said change.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
